

# ***A Day in the life of Valentino the human***

## ***Who is Sam?***

Hi, I'm Sam, I help Valentino with my alarm because he has virtual classes.

Who is Sam?

I accompany my owner to breakfast, but I can't eat. I help him with his homework.

Who is Sam?

When she has classes I can't talk, but after that we have fun together.

In the afternoon we have lunch together and we talk with our friends.

Who is Sam?

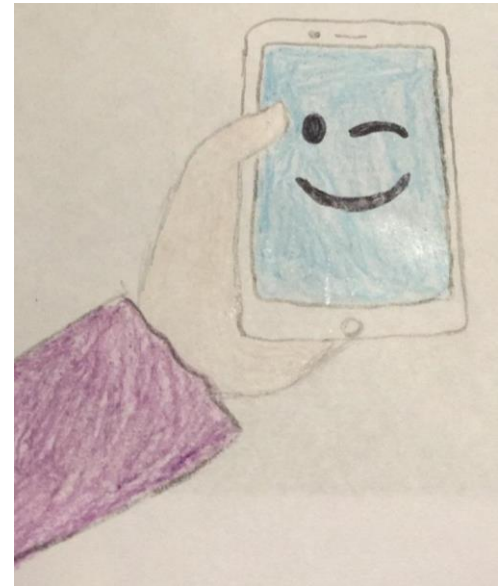

From three to six we don't talk that much, I don't know why because it turns me off, but I think he plays video games with friends.

Who is Sam?

At dinner I sleep a lot but when night comes I'm very happy because we spend a lot of time.

Who is Sam?

Yes, I am his cell phone
